## FINGER FOOD & CANAPÉ SELECTION

Our finger food canapé items suit any function, happy hour or nibbles later in the night. If you are organizing an event then we would recommend the following as a guideline only:

**3**

items per person per hour  
for the first two hours

**8**

items per person if your  
function lasts three hours

**10**

items per person if your  
function lasts four hours

We also suggest these being spread across the the duration of your event at different serving times. We would also suggest you order a full quantity of each item you choose for each guest. A bigger selection doesn't look more; it just creates food envy.

**NOTE:** Minimum order per item is 10 of each (e.g. 10 club sandwiches of the same flavour, or 10 tarts of the same flavour, and so forth).

### Club Sandwich & Pinwheels

**\$2.30 each**

Pinwheels additional \$0.90c

## FREQUENTLY ASKED QUESTIONS

**What is the right platter for my event? Am I looking for a platter as nibbles for my guests?  
What would you recommend?**

The pricing of our platters is based on your guests having a light meal. If you don't intend on your platter being the main meal, then order for 50% of your guest count. Therefore, if you want light nibbles for 50 people, then our recommendation is to order our platter for 25 to 30 which should last around 45 mins to 1 hour worth of nibbling. There is no exact science, but if you think your guests are going to be big eaters then increase the size.

Also, think about when the next lot of food is going to be available. It's important to be providing your guests at least 3 portions an hour if they are drinking.

*For example, if your wedding ceremony is at 2 pm and your reception is at 6 pm, then we would suggest providing them a 'Light Grazing Table' at 3 pm and a round of 3 canapés at 4 pm.*

	SOCIAL GRAZING PLATTER COLLECTION PRICE LIST						PER PERSON PRICE
